

NOTICE

New Registration Fee

Begins Monday August 10, 2009

Description:

A \$5 registration fee will be added to each registration. Whether you enroll for one class or many classes, the fee will be \$5 per registration, not per class. If the participant cancels from a class or program, the HRC will retain the \$5 registration fee. It is a non-refundable fee. Customer's who sign up for Automatic Monthly Payments (ACH) will receive a discounted rate of \$2 per transaction.

Transfers between classes/programs with the same cost will not incur the transaction fee again. Transfers to classes/programs with higher fees will incur the transaction fee.

If a District Credit is used as payment for a class/program of equal or lesser cost, no registration fee will be incurred.

Background:

After much discussion regarding the increasing costs of class and program registrations, the HRD Board of Directors agreed to institute a registration fee. The purpose of the fee is to help cover some of the costs from credit card transactions, online registrations, refund fees and banking costs.

The Highlands Recreation Center is committed to providing the broadest possible safe programs, facilities and services to our customers and want to continue to do so with minimal reductions in an ever cost increasing economy.

We thank you for your continued support and understanding.
